I IPPINCOTT'S MAGAZINE, with its Louried and excellent contents, is a library in itself.
It was indeed a happy thought to print an Not a short novelette, but a long story such as you are used to get in book form and pay from one dollar to one dollar and a half for. Not only that, but with each number you get an abundance of other contributions, which gives you a good magazine besides the novel. The ringing blows which have been struck on the astronomic dechales (some horses) The ringing blows which have been struck on the gateway of popular favor, have resounded throughout the entire land, and to day Loppin-cott's Mugazina stands in the front rank of monthly publications, and is the most widely-read-and-tailed of publication of its kind in the world.
